REPRESENTATIVES OF NOHO:

Thank you again for supporting the growth of the NoHo ArtWalk!!! We are on event #4 now and we are planning to have Art Institute students, 11 visual artists, & 12 performers. Plus a kids' face painting table.

Our plan is to concentrate on the performance and visual art side of the ArtWalk for this next event, and once we have a strong crowd coming to support this we will take our attention back to the local businesses.

We started out putting our attention into local businesses and what we could do to help them. Soon we realized if there are no people at the ArtWalk, then there is no help for local businesses.

Our focus for this next event is going to be to bring as many people to the ArtWalk as we can, based on the quality and amount of visual and performance art that we will provide.

VIDEO SLIDE SHOW (created by DJ Movement):

- [NoHo ArtWalk Video Slide Show \(live music by Stop Plate Techtonics\)](#)
